

NEW YORK STATE SALES TAX

All professional estate sale companies in New York must collect sales tax for the state. (Actually people selling more than a certain amount at personal garage sales are supposed to collect tax as well, but that's a whole 'nother story.)

We are happy to have our tax exempt customers who are buying for re-sale provide us with an ST-120, which we will keep on file. We go the extra mile and provide you with a Carnaby Card you can carry in your wallet and show us at check-out – no need to give us a separate form each time!

We have forms at check-out, or you can download it here and fill it out beforehand.
